

Dear Friends of the Center:

Our 30th Anniversary celebration was a hit! You turned out in many ways to help us recognize our milestone. For those of you who were able to join us in person, you shared in and contributed to a warm, modest, generous flow of good conversation, music, food and drink. You also participated in a fun raffle which--along with on-line and in-person donations--helped to replenish our scholarship fund for the uninsured and financially challenged.

So many thanks to all of you! Thirty years is a long time. But then, worthwhile things take a long time. My staff and I look forward to serving our community into the future with just as much integrity, compassion, and professionalism as before.

Sincerely,
David Fireman, LCSW
Director
